

CAPS BURY

We manufacture and supply beautiful contemporary products, which are influenced by our surroundings,
namely India.

Inspired by traditional crafts and local raw materials, whilst incorporating forward thinking manufacturing
and engineering processes, executed by local craftsmen.

Our aim is to expand expectations on what Indian furniture is and has to be and to show that well designed
and engineered contemporary furniture can be produced in a country where traditional crafts have for so
long been held back from progression

GEO COLLECTION

By Alexander Mueller

The GEO collection is a contemporary dining and living collection made in solid Sheesham. It is the result of an exploratory journey into traditional Indian timbers.
