

CAPS BURY

We manufacture and supply beautiful contemporary products, which are influenced by our surroundings,
namely India.

Inspired by traditional crafts and local raw materials, whilst incorporating forward thinking manufacturing
and engineering processes, executed by local craftsmen.

Our aim is to expand expectations on what Indian furniture is and has to be and to show that well designed
and engineered contemporary furniture can be produced in a country where traditional crafts have for so
long been held back from progression

www.capsbury.com

MAHARANI has developed from the traditional design known as the Thakat. Using this concept, the Maharani range incorporates both this and other traditional Indian styles to offer a widerange of furniture solutions for your home.
